Battle-Tested. Razor Sharp.

THE ATTORNEYS OF DEANS & LYONS have tried large, high-exposure cases against some of the best trial lawyers in the country. They are a formidable team—and have achieved results while delivering focused, efficient legal services for their clients.

Founding partners Gregory L. Deans and Michael P. Lyons, along with associate Katherine H. Stepp, honed their skills working on high-profile cases at large law firms. At Deans & Lyons, they have combined their diverse experience to offer what big firms often lack: customized litigation solutions, cost sensitivity, efficiency and a targeted approach that produces results.

The firm's success is built on innovative strategies, cutting-edge technology and sheer tenacity. Deans & Lyons' philosophy is simple: approach litigation with aggressive surgical precision, eliminating waste and providing the personal attention all clients deserve. Deans &

Lyons has obtained exceptional results for both plaintiffs and defendants ranging from individuals to large corporations, concentrating on personal injury and wrongful death, mass tort, toxic tort, professional negligence, commercial litigation, employment litigation and products liability litigation.

By providing this higher level of service and more focused approach, the firm has obtained success for its clients and earned the respect of its peers. Among their numerous accolades, Deans and Stepp have twice been selected to *Texas Rising Stars*, and Lyons has been selected for a third time.
